SDG Indicators

Metadata repository

The metadata available in this repository is a work in progress. It reflects the latest reference metadata information provided by the UN System and other international organizations on data and statistics for the Tier I and II indicators in the global indicator framework. This repository will be further updated and periodically reviewed in cooperation with the respective data compilers.

Demonstration on including SDGs on iPAS

Hands on Exercise

- Take a PSDP project from your Ministry
- Identify the SDG targets/indicators relevant to your project
- Sources of information can be:
 - Objectives of PC-I
 - Justification
 - Result Based Monitoring Framework, etc
- Establish direct and indirect linkages of your project with SDGs
- Visualize the cross-cutting areas of your project with all SDGs
- Incorporate the amount allocated of your project to each relevant SDG target/indicator

Thank you!
